2. THE USER

The user designates anyone using the site either for browsing or for placing an order. A user who places an order and concludes a purchase on the site is deemed to be of legal age and responsible for his/her purchase. The buyer describes anyone concluding an order on the site.

DAVIDTS sells products to individuals.

DAVIDTS operates in Belgium, France, Luxembourg, Germany and the Netherlands. We can only accept orders with a delivery address located in Belgium, France (including the DOM-TOMS), Germany, Luxembourg and the Netherlands. The agreement can be concluded in German, English, Dutch and French at the customer's choosing.

3. GENERAL CONDITIONS OF SALE

These general conditions of sale aim to define the rights and obligations of the parties (the seller and the user) in the context of distance sales on the e-commerce site www.davidts.eu.

These general conditions of sale are the only ones applicable, unless specified otherwise in the sales contract obtained in writing from DAVIDTS. They may be changed by DAVIDTS at any time. Amendments will be enforceable as soon as they appear on the site with the exception of orders placed before these amendments were made.

All orders assume the acceptance of our general conditions of sale by the customer. All our offers are non-binding. The sales contract is only concluded between the seller and the buyer when the customer receives the order confirmation from DAVIDTS by email. They also appear in the customer's online account and contain a summary of the terms of the sales contract: description and quantity of the products purchased, details of the buyer and the sellers, billing and delivery address, order amount and delivery costs, estimated delivery date. The user agrees that placing an order on the site is equivalent to signing an order form with all the related validity. DAVIDTS reserves the right to refuse an order or to subject it to additional conditions. The buyer must agree to the new conditions before the sale is considered to be concluded.

4. PRODUCTS

All products presented on this site have been carefully selected by DAVIDTS to offer you quality items. The products are described as precisely as possible and in good faith based on the information available to DAVIDTS. If, despite the precautions taken, the product description is incomplete or incorrect, DAVIDTS accepts no responsibility for this. The products offered comply with Belgian legislation.

Any foreign user placing an order must ensure the compliance of the products ordered with current legislation in his/her country. Similarly, DAVIDTS cannot be held responsible for the incorrect use of the products acquired on the site.

The photos of the products shown on the site are not contractually-binding and may contain elements or items not included in the price.

5. PRICES

Unless specified otherwise, prices include VAT and other taxes and exclude transport and shipping costs to the buyer.

6. TRANSPORT AND DELIVERY TERMS

The product ordered is delivered to the delivery address agreed with the buyer as set out in the order confirmation.

Shipping costs are calculated based on the order amount, the country and delivery method chosen by the customer. Delivery can only be made to those countries listed on the website. We reserve the right to adjust/modify these delivery costs but they are always clearly indicated on the order confirmation page and on the site.

The delivery times indicated are not binding and are purely indicative. This period begins when DAVIDTS receives payment for the order in its account.

The costs indicated and the delivery times by country can be found on our site under «delivery methods and costs».

DAVIDTS cannot be held responsible for any delivery delays once the order has been passed to the carrier. Except in the case of an intentional delay or due to a failure by DAVIDTS, no delay can give rise to the termination of the order or the payment of compensation to the buyer. Any incorrect delivery address is the buyer's responsibility and may result in additional fees.

If within 7 working days of delivery of the package to the carrier/the delivery company, the package has still not reached the buyer, the buyer must inform (via email or letter) DAVIDTS in writing who will make every effort to locate said package.

If the delivery time is more than 30 days after that indicated on the order confirmation, with the exception of force majeure, the buyer may cancel the purchase and any sums received by DAVIDTS will be refunded to the buyer with no interest or other type of compensation. Orders are packaged with the greatest care to guarantee the original state of the product. The customer agrees to check the compliance on receipt and, if applicable, to refuse the delivery in case of an obvious defect. Any delivery marred by an obvious defect will result in the repair of this defect. To be more respectful of the environment, products may be shipped in recycled packaging.

7. FORCE MAJEURE

8. TRANSFER OF OWNERSHIP

The products delivered remain the property of DAVIDTS until the price is paid in full and definitively, including fees and charges, late interest and compensation. In case of non-payment, we reserve the right to take back possession of the products, legally and at the buyer's expense.

To exercise this withdrawal right, the consumer must return the product in its original packaging within 14 days of informing the seller, by taking it to a DPD collection point and attaching the label provided by DAVIDTS clearing indicating their details and order references.

These conditions and restrictions do not affect legal provisions on the matter.

Any request for intervention must be communicated to our aftersales service. In case of intervention by a third party who is not appointed by DAVIDTS, the benefit of the warranty is cancelled.
